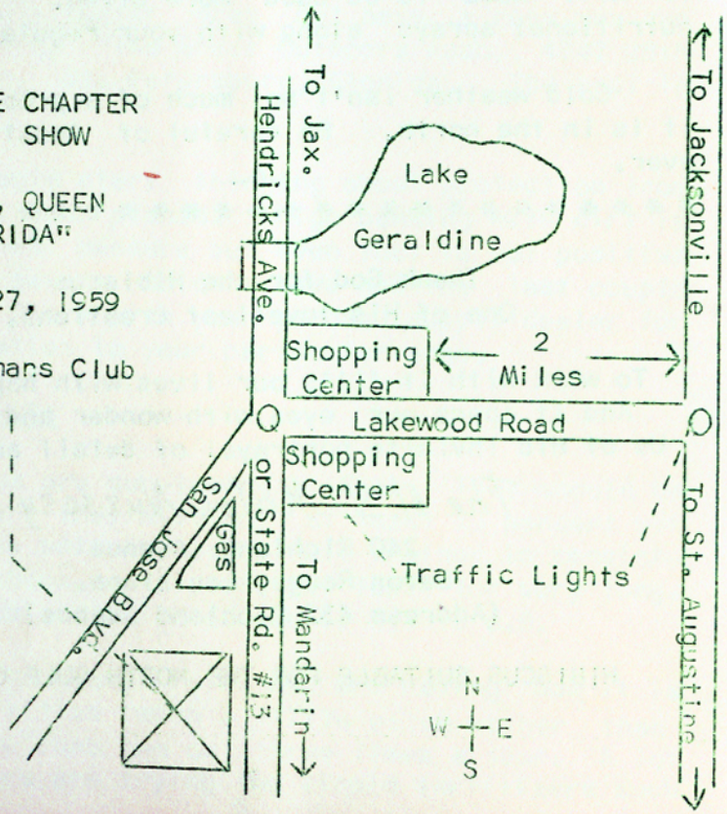
JACKSONVILLE CHAPTER
HIBISCUS SHOW

"HIBISCUS, QUEEN
OF FLORIDA"

September 27, 1959

Lakewood Womans Club



## ANNUAL MEMBERSHIP MEETING

The Annual Membership Meeting held in Orlando at the San Juan Hotel is now history. The minutes of the meeting have been sent to all chapters and officers. It is not practical, nor would the minutes be of interest, to publish in their entirety. This will be a rambling report of what took place. If any member is interested in obtaining a copy of the minutes just send 10¢ o cover postage, to the Executive Secretary and a copy will be mailed to you.

There were 79 members present including 6 each officers and directors, and 2 visitors. The Putnam chapter won the attendance trophy again. This is the second year in a row for them.

The officers reports and the chapter reports are published elsewhere in this issue. Some of the reports were given oraly so they will not be included.

The By-Laws were amended in several spots. The "Chapter Chairman" have been changed to "Chapter Presidents". A new classification of "Life Member" was set up for all past presidents of the AHS. Chapters now may accept members during the period of October thru March by collecting one and one-half years dues. This scetion is permissive. If the chapters do not want to take advantage of it they do not have too. The Standing Committee section was changed slightly. The Executive Secretary is working up a new printing of the By-Laws which will include all the changes to date. These will be sent to each chapter. Again if any member wishes a copy send 15¢ to the Executive Secretary, to cover cost of mailing and a copy will be sent to you.

A plant drawing was held during the luncheon to pay on the Electric Typewriter which we purchased last year. Somehow in the shuffle nothing had been paid on it for the entire year. Over $135.00 was raised by the drawing and by donations from the various chapters. This amount has been sent to the Underwood Corporation and monthly payments will be set up at the next board meeting.

We joined the American Horticultural Council, but tabled any decision about joining the Internation, al Committee on Nomenclature.
